

What exactly happens when you load a web page?

A word cloud of web-related terms in shades of blue. The words are arranged in a roughly triangular shape, with 'Cookie' being the largest and most prominent word on the right. Other large words include 'Caching', 'JSON', 'Load-balancer', 'DNS', 'HTTP', 'AJAX', 'TCP/IP', 'URL', 'Apache', and 'CDN'.

Cookie
Caching
JSON
Load-balancer
DNS
HTTP
AJAX
TCP/IP
URL
Apache
CDN
